Posters, Propaganda, and Persuasion in Election Campaigns Around the World and Through History Steven A. Seidman 2008 How effective are election campaign posters? Providing a unique political history, this book traces the impact that these posters - as well as broadsides, banners, and billboards - have had around the world over the last two centuries. It focuses on the use of this campaign material in the United States, as well as in France, Great Britain, Germany, South Africa, Japan, Mexico, and many other countries. The book examines how posters evolved and discusses their changing role in the twentieth century and thereafter; how technology, education, legislation, artistic movements, advertising, and political systems effected changes in election posters and other campaign media, and how they were employed around the world. This comprehensive and original overview of this campaign material includes the first extensive review of the research literature on the topic. Posters, Propaganda, and Persuasion will be useful to scholars and students interested in communications, politics, history, advertising and marketing, art history, and graphic design.

Celebrate People's History! Josh MacPhee 2010-11-09 The best way to learn history is to visualize it! Since 1998, Josh MacPhee has commissioned and produced over one hundred posters by over eighty artists that pay tribute to revolution, racial justice, women's rights, queer liberation, labor struggles, and creative activism and organizing. Celebrate People's History! presents these essential moments—acts of resistance and great events in an often hidden history of human and civil rights struggles—as a visual tour through decades and across continents, from the perspective of some of the most interesting and socially engaged artists working today. Celebrate People's History includes artwork by Crisly Road, Swoon, Nicole Schulman, Christopher Cardinale, Sabrina

Jones, Eric Drooker, Klutch, Carrie Moyer, Laura Whitehorn, Dan Berger, Ricardo Levins Morales, Chris Stain, and more.

The Poster Margaret Timmers 2020-03-26 Even in the digital age, the printed poster retains an important, much-loved role in connecting with audiences in a way that both entertains and informs. The V&A was one of the first museums to start collecting posters and to recognize the importance of doing so. Far from ephemeral, posters are both a representation of the time in which they were produced and distributed and, in many instances, have shaped the societies in which they were seen. The story of the poster is both one of changing styles and new innovations in design, illustration and printing, and a visually compelling social history. 0The Poster brings together over 300 examples that tell a comprehensive visual history of poster design and the various ways the poster has been used to tell, to sell, to charm and to spur on change. Organized into seven thematic chapters that tell the story of the poster as a medium, each poster is accompanied by a concise commentary that explains the work in terms of its design, printing, content, message and the commercial, social or political impact it may have had. 0Featuring works by the masters of poster design that have become popular and highly collectible classics, charting the ebb and flow of styles such as Art Nouveau, Modernism, Art Deco, Psychedelia and Punk and featuring the nostalgic glow of muchloved brands as well as posters that shook and changed the world, The Poster will be an essential visual resource for graphic designers and illustrators - a reference for anyone with an interest in collecting posters and an engaging design and social history for all who appreciate this most popular of art forms.

A History of the Dutch Poster 1890-1960 Dick Dooijes 1968

Design for Victory William L. Bird 1998-06 The poster - inexpensive, colorful, and immediate - was an ideal medium for delivering messages about Americans' duties on the home front during World War II. Design for Victory presents more than 150 of these stunning images - many never reproduced since their first issue - culled from the collections of the National Museum of American History, Smithsonian Institution. William L. Bird, Jr. and Harry R. Rubenstein delve beneath the surface of these colorful graphics, telling the stories behind their production and revealing how posters fulfilled the goals and needs of their creators. The authors describe the history of how specific posters were conceived and received, focusing on the workings of the wartime advertising profession and demonstrating how posters often reflected uneasy relations between labor and management.

Posters Elizabeth E. Guffey 2014-10-15 From band posters stapled to telephone poles to the advertisements hanging at bus shelters to the inspirational prints that adorn office walls, posters surround us everywhere—but do we know how they began? Telling the story of this ephemeral art form, Elizabeth E. Guffey reexamines the poster's roots in the nineteenth century and explores the relevance they still possess in the age of digital media. Even in our world of social media and electronic devices, she argues, few forms of graphic design can rival posters for sheer spatial presence, and they provide new opportunities to communicate across public spaces in cities around the globe. Guffey charts the rise of the poster from the revolutionary lithographs that papered nineteenth-century London and Paris to twentieth-century works of propaganda, advertising, pop culture, and protest. Examining contemporary examples, she discusses Palestinian martyr posters and West African posters that describe voodoo activities or Internet con men, stopping along the way to uncover a rich variety of posters from the Soviet Union, China, the United States, and more. Featuring 150 stunning images, this illuminating book delivers a fresh look at the poster and offers revealing insights into the designs and practices of our twenty-first-century world.

Hatch Show Print Jim Sherrarden 2001-03 "For more than a century, Nashville's Hatch Show Print has produced show-posters for entertainers of all stripes, from country musicians to magicians, professional wrestlers to rock stars. Hatch Show Print: The History of a Great American Poster Shop is the fully illustrated tour of this iconic institution, offering a glimpse into the history of American entertainment through dynamic and distinctive posters from the 1800s to

today." "In this day of new media dominance, the hand-carved, hand-set, hand-inked, and hand-cranked ethic and aesthetic of a Hatch Show Print poster is beyond compare. Complete with over 175 illustrations, including historical photographs and scores of beautiful posters, Hatch Show Print is a dazzling document of this legendary print shop." --Book Jacket.

Selling the Movie Ian Haydn Smith 2018-09-06 "Selling the Movie takes us on a stunning visual journey through almost 150 years of movie history." - Daily Mail "An incredible illustrated history of the movie poster." - Hey U Guys Showcasing the best movie posters by the top designers in the field, this rich visual history of the film poster charts the evolution from the earliest days to the present, explaining how they were used to sell both films and the stars, and how they lured audiences to cinemas across the globe to make an industry. Understand how posters enhance the brand of a movie or a star, and how they represent the crossover between creatives with this stylish art book. With insights on movie genres, influential designers, Hollywood politics and the impact of typography, this visually stunning book reveals how a powerful advertising medium became an artform itself and changed the face of graphic design.

The Poster Jurgen Doring 2020-09-15 This stunningly illustrated book examines the history of poster design and its relation to the arts and broader culture. The poster is a versatile marketing tool widely used from the 19th century to today for everything from political events to movies. A good poster has many layers, it goes beyond advertising and makes statements about style, history, fashion, and taste at the time. It is these layers that can turn a poster into a work of art. This book showcases 480 posters by more than 200 artists and designers and tells a comprehensive history of the poster. The book includes Art Nouveau, Bauhaus, Pop art, and contemporary posters from preeminent artists such as Alphonse Mucha, Egon Schiele, Pablo Picasso, and Andy Warhol and from noted designers ranging from Lucian Bernhard and A.M. Cassandre to Saul Bass, Tadanori Yokoo, and Stefan Sagmeister. The book also introduces many other leading poster designers whose names are less well-known. Contemporary advertisements for Calvin Klein, United Colors of Benetton, and Coachella are also explored. By tracing the history of the poster, this book shows social developments throughout the world and illuminates how art styles have changed over time.

The World in Prints David Rymer 2020-03-30 The lowly placard, a quick and efficient device used to spread news or advertise goods, ascended to the level of a respected art form in the late 1800's in France. The 'art poster' was born at the convergence of new aesthetic movements, technological advances and societal changes. Fine artists were swayed from their lofty perches to join the practical arts, influenced by the egalitarian spirit of the Arts and Crafts movement. Artist Jules Cheret, "Father of the Modern Poster," perfected a means of high-quality printing that produced large, colour saturated images. An emerging middle class was the ready target for the consumption of newly manufactured goods, literary publications, theatrical events and leisure time entertainment. A sea of gorgeous images added a "joie de vivre" to everyday life, introducing a period of French life now known as the Belle Epoque. These posters, although ephemeral in intent, have been collected and continually reproduced over the subsequent decades, a testament to their timeless beauty and emotional depth. This book chronicles the influence of the art poster in France and its rapid spread across Europe and United States and offers to the readers an artist's poster tour of the development of the art poster. AUTHOR: David Rymer is an Australian fiction and nonfiction author and a freelance writer expert in History of Fine Art and Graphic Design. He has written different articles and biography on the most important artist and painters of the Belle Epoque and other art movement. He has staged art and cultural exhibitions in Dubai and Abu Dhabi on behalf of the UAE Department of Art & Culture, Mubadala and the Department of Executive Affairs. He designed corporate identity, packaging, exhibit and print design for his clients; has reviewed exhibitions at Art Dubai and Art Abu Dhabi for the past years.
