to be used in early childhood programmes up until the development of this present Jamaican Early Childhood Curriculum Guide for Children Birth to Five Years. This new curriculum is presented in two volumes. Part 1 is the curriculum for children from birth to three years old, and Part 2 is the curriculum for children four and five years old.

### What is and is not a DNP project

We won't know until the research is completed whether the treatment improved patient outcomes. However, QI is working to ensure that all patients are provided high quality and safe evidence-based healthcare. Thus, it is the responsibility of all health care workers to perform QI, but it is not their responsibility to perform research.
